WHAT WAS PRINTED RECENTLY...

It was our great joy to print 1.000 copies of Manna Books "Ruth & Hannah" in French and Kiluba.

1.000 copies
of Manna Books

We were surprise to read: "I could not believe there is good exemplary of ladies who had good relationship with God. So, even now I need to be like these ladies", says Mama Martha Ngoy.

Mama Martha Ngoy is young lady, she was familiar with the Bible, she was glad to receive a copy of Bible from us when we started with this small group of their Church, and she was so touched by the story and more lessons of these ladies, so she wrote us what you read on the previous page.

Mechanic School students

And at the Mechanic School we were invited by the principal for the Bible study with the students. It was wonderful as this school is for United Methodist Church. We still studying with them.

The Kipushi village is situated in the south at 30 km from Lubumbashi city. We were invited to attend the Youth Christian Camping with aim to share with them Bible Studies.
